The CDC has done another data dump into the Vaccine Adverse Event Reporting System (VAERS), a [U.S. Government funded database](#) that tracks injuries and deaths caused by vaccines.

Peace with God About Us Over 50% of the deaths are among those over the age of 75.

On the January 15, 2021 data dump, there were 181 deaths following COVID mRNA injections through January 15th. See:

181 Dead in the U.S. During 2 Week Period From Experimental COVID Injections – How Long Will We Continue to Allow Mass Murder by Lethal Injection?

In the current data dump going through January 22, 2021, there are only two deaths listed between January 15th and January 22nd, VAERS ID 952914 listed on January 18, 2021, and VAERS ID 958809 listed on January 20, 2021.

So 146 of the additional 148 deaths recorded during the past week were from the same time period from the end of December to January 15th – a period of roughly 2 weeks.

That’s an average of over 160 deaths a week, so far. How many more deaths will still be recorded during that time period?

As we have [previously reported](#), studies in the past have shown that less than 1% of vaccine injuries are ever reported to the VAERS reporting system.

We are also dependent upon the CDC to supply these statistics.

Earlier this week, it was reported that the VAERS system was “temporarily down.” [@AlexBerenson](#) [tweeted](#):

So @CDCgov says VAERS went down because it couldn't handle the volume of requests it was getting (this was an email to an academic who asked).

"Starting (Monday) at 7:30 am, the server was overwhelmed by too many incoming queries... We are working to resolve this problem."

So what percentage of all deaths do these 329 recorded represent is currently unknown. It is obviously very significantly higher than 329.

In addition to the 329 deaths out of 9,845 cases of COVID mRNA injuries filed, there were also 722 hospitalizations, over 2000 visits to emergency room doctors, 104 permanent disabilities, and 11 birth defects.

† Because some cases have multiple vaccinations and symptoms, a single case can account for multiple entries in this table. This is the reason why the Total Count is greater than 9845 (the number of cases found), and the Total Percentage is greater than 100.

How is this not a national public health crisis? Since these injections are NOT FDA approved and are still experimental, why are they continuing to inject people?

Whistleblower: 8 of 31 Residents Dead in German Nursing

It is well known now that due to federal funding for COVID in 2020 that nearly all deaths that occurred in 2020 were recorded as “COVID” deaths, even in cases where the death occurred by traffic accident, shooting, heart attack, etc.

So while there was a huge number of deaths recorded as being caused by COVID in 2020, nearly all other traditional causes of death, such as cancer, heart disease, etc. decreased, so that [the total deaths in 2020 will end up being about the same as previous years.](#)

Now we are seeing the exact opposite happen with the roll-out of the COVID experimental injections. NONE of them are being recorded as vaccine deaths. Why?

Because the CDC does not provide a category for “vaccine deaths” to be used on death certificates. To learn more about this, see [an article we published in 2018](#) from a Death Certificate Clerk whistleblower who revealed the politics behind listing “cause of death” on death certificates.

Death Certificate Clerk Reveals How Cause of Death Reporting is Subjective and CDC Statistics are Not Reliable When Making Public Health Decisions

inaccurate picture of what causes a death. The process for creating and registering causes of death for public records is a complicated, convoluted, politicized, completely open to both ignorance and the manipulations of personal, professional, and governmental interests.

I'm the one creating these statistics and I offer you this: If you take one thing away from this, take away a healthier skepticism about even the most accepted mainstream, nationally reported, CDC or other 'scientific' statistics.

What most people don't know is that *doctors are not allowed to attest to anything that is not a strictly NATURAL cause of death.* ([Full article.](#))

When you control the data, you can easily spin it to pretty much say whatever you want it to say, and the CDC is a master at this.

So while the new experimental COVID mRNA injections are rolled here at the beginning of 2021, the deaths that these injections are causing are almost all being recorded as "COVID deaths," using the [faulty COVID tests](#) (all of these tests were also fast-tracked by the FDA to get them into the market, by the way) to justify their number.

Can We Trust the CDC and FDA to Give us Accurate Information?

I have published this information in several articles the past few weeks, but it bears repeating again as the CDC is currently in full propaganda mode trying to convince the public that all these deaths and injuries following the injections are "normal," and "expected."

Dr. Scott Gottlieb

FDA Director May 2017 – April 2019
Joins Pfizer Board June 2019

Awarded \$1.95 BILLION by President Trump "Operation Warp Speed" COVID Vaccine July 2020

The CDC is the largest purchaser of vaccines in the world, allocating over \$5 BILLION in their budget (supplied by American taxpayers) each year to purchase and distribute vaccines from Big Pharma. See:

Should the CDC Oversee Vaccine Safety When They Purchase Over \$5 Billion of Vaccines from Big Pharma?

Do you think this might be a conflict of interest??

Secondly, the CDC owns over 56 patents on vaccines, and many of their scientists earn royalties from the sale of vaccines. ([Source.](#))

There is no link between vaccines and autism.

Some people have had concerns that ASD might be linked to the vaccines children receive, but studies have shown that there is no link between receiving vaccines and developing ASD. In 2011, an Institute of Medicine (IOM) [report](#) on eight vaccines given to children and adults found that with rare exceptions, these vaccines are very safe.

A 2013 [CDC study](#) (PDF – 204 KB) added to the research showing that vaccines do not cause ASD. The study looked at the number of antigens (substances in vaccines that cause the body's immune system to produce disease-fighting antibodies) from vaccines during the first two years of life. The results showed that the total amount of antigen from vaccines received was the same between children with ASD and those that did not have ASD.

The CDC has a long history of corruption, and over the years many of their own scientists have tried to blow the whistle on this corruption only to be silenced. See some of our previous coverage on CDC

In addition, many of the directors running the CDC go on to work for Big Pharma after they complete their term at the CDC. See:

Former CDC Director that Approved Gardasil Vaccine and Became Head of Merck's Vaccine Division Named "Woman of the Year"

Dr. Scott Gottlieb was the former Food and Drug Administration (FDA) Commissioner. He joined the board of directors of Pfizer, Inc.—the world's largest pharmaceutical company and second largest manufacturer of vaccines, in 2019 just shortly after he left the FDA. Pfizer, which posted total revenues of \$53.7 billion in 2018, announced Dr. Gottlieb's election to the board on June 27, 2019.

On July 22, 2020 President Trump's "Operation Warp Speed" project awarded \$1.95 BILLION to Pfizer and BioNTech for 100 million doses of their mRNA-based COVID-19.

So what do you think? Can we trust the CDC and the FDA? Are they actually concerned about Public Health, or are they simply the marketing branches of Big Pharma trying to protect their products?

Every Vaccine
Produces Harm**

Canadian physician Dr. Andrew Moulden provided clear scientific evidence to prove that every dose of vaccine given to a child or an adult produces harm. The truth that he uncovered was rejected by the conventional medical system and the pharmaceutical industry. Nevertheless, his warning and his message to America remains as a solid legacy of the man who stood up against big pharma and their program to vaccinate every person on the Earth.

Dr. Moulden died unexpectedly in November of 2013 at age 49.

Because of the strong opposition from big pharma concerning Dr. Moulden's research, we became concerned that the name of this brilliant researcher and his life's work had nearly been deleted from the internet. His reputation was being disparaged, and his message of warning and hope was being distorted and buried without a tombstone. This

book summarizes his teaching and is a must-read for everyone who wants to learn the "other-side" of the vaccine debate that the mainstream media routinely censors.

I had a revelation, summer of '19. Collecting for a signature petition supporting vaccine exemptions not mandates; a young woman introduced herself and proceeded to describe her vaccine injury from a flu shot. She died and was revived multiple times. it didn't shock or upset me so much as what she said about her injury; hopefully she's the exception, right? Maybe one in a million and vaccines save lives, something like that. But the Vaccine Court settlement had a clause, a non-disclosure agreement. Although she was legally too young to sign the document, her parents were required to sign a non-disclosure agreement for their daughter. If they talk about it, their daughter loses her settlement and they are again responsible for the cost of damage and injury. Why, because we don't need to know about injuries and deaths from vaccines and instead we're told that vaccines are safe and effective. Trouble is, non-disclosure agreements in Vaccine Court are as common as were with airline tickets on Lolita Express. All vaccine settlements have them, why? It's not to protect the injured.

This sounds very similar to what occurred in 1976, in the USA. That lasted 10 weeks before the inoculations were terminated. I wonder how long this debacle will continue?

Brian-Admin January 30, 2021 at 12:20 pm - Reply

This isn't 1976. These mRNA injections are doing exactly what they want them to do. The only question is how many people will continue to get them voluntarily, and once those people are inoculated, what will they do to try and inoculate the rest of us who don't want it?

It appears to be that VAERS only receives around 1% of severe reactions and death reports. The real question is that the millions of deaths from mRNA Vaccines that going to happen more for the Elderly how are they going to run with it will it be based on Super Spreaders or it was there time, for the other 99% of Covid 19 or 21 deaths 🤔🤔🤔
